- It was approved by the Governors on: November 2016
- The next review date is Autumn Term 2017.

2. Teaching and learning

1. Why the Internet and digital communications are important

- The Internet is an essential element in 21st century life for education, business and social interaction. The school has a duty to provide pupils with quality Internet access as part of their learning experience.
- Internet use is a part of the statutory curriculum and a necessary tool for staff and pupils.

- Inclusion in the Lifelong Learning Network Wales which connects schools in NPT
- Access to world-wide educational resources including museums and art galleries
- Collaboration across support services and professional associations
- Exchange of curriculum and administration data with the Local Authority and the Welsh Assembly Government

3. Internet use will enhance learning

- The school Internet access will be designed expressly for pupil use and will include filtering appropriate to the age of pupils.

- Pupils will be taught what Internet use is acceptable and what is not and given clear objectives for Internet use.
- Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge location, retrieval and evaluation
- Pupils will be shown how to publish and present information to a wider audience.

4. Pupils will be taught how to evaluate Internet content

- The school will ensure that the use of Internet derived materials by staff and pupils complies with copyright law.
- Pupils will be taught the importance of cross-checking information before accepting its accuracy.
- Pupils will be taught how to report unpleasant Internet content

3. Managing Information Systems

1. Information system security

- School ICT systems security will be reviewed regularly.
- Virus protection will be updated regularly.
- Security strategies will be discussed with the Local Authority.

2. E-mail

- Pupils may only use approved e-mail accounts on the school system.
- Pupils must immediately tell a teacher if they receive offensive e-mail.
- In e-mail communication, pupils must not reveal their personal details or those of others, or arrange to meet anyone without specific permission.
- The forwarding of chain letters is not permitted.
- Incoming e-mail should be treated as suspicious and attachments not opened unless the author is known.

3. Published content and the school web site

- Staff or pupil personal contact information will not be published. The contact details given online should be the school office.
- The Head Teacher will take overall editorial responsibility and ensure that content is accurate and appropriate.

4. Publishing pupil's images and work

- Photographs that include pupils will be selected carefully so that individual pupils cannot be identified or their image misused.
- Pupils' full names will not be used anywhere on a school Web site or other on-line space, particularly in association with photographs.
- Written permission from parents or carers will be obtained before photographs of pupils are published on the school Web site.
- Work can only be published with the permission of the pupil and parents/carers.
- Pupil image file names will not refer to the pupil by name.

- Pupils will be advised to use nicknames and avatars when using social networking sites.

6. Managing filtering

- The school will work with the LLAN ICT sub group to ensure systems to protect pupils are reviewed and improved.
- If staff or pupils come across unsuitable on-line materials, the site must be reported to the e-Safety Coordinator.
- Senior staff will ensure that regular checks are made to ensure that the filtering methods selected are appropriate, effective and reasonable.

7. Managing videoconferencing & webcam use

- Videoconferencing should use the educational broadband network to ensure quality of service and security.
- Pupils must ask permission from the supervising teacher before making or answering a videoconference call.

- Videoconferencing and webcam use will be appropriately supervised for the pupils' age.

8. Managing emerging technologies

- Emerging technologies will be examined for educational benefit and a risk assessment will be carried out before use in school is allowed.
- The senior leadership team should note that technologies such as mobile phones with wireless Internet access can bypass school filtering systems and present a new route to undesirable material and communications.

9. Protecting personal data

- Personal data will be recorded, processed, transferred and made available according to the Data Protection Act 1998.

4. Policy Decisions

1. Authorising Internet Access

- All staff must read and sign the Acceptable Use Policy for ICT before using any school ICT resource.

- Any person not directly employed by the school will be asked to sign an acceptable use of school ICT resources before being allowed to access the internet from the school site.

2. Assessing risks

- The school will take all reasonable precautions to prevent access to inappropriate material. However, due to the international scale and linked nature of Internet content, it is not possible to guarantee that unsuitable material will never appear on a computer connected to the school network. Neither the school nor NPTCBC can accept liability for any material accessed, or any consequences of Internet access.
- The school should audit ICT use to establish if the e-safety policy is adequate and that the implementation of the e-safety policy is appropriate and effective.

- Complaints of Internet misuse will be dealt with by a senior member of staff.
- Any complaint about staff misuse must be referred to the Head Teacher.

Parental Acceptable Use Agreement Template Letter

Dear parent/guardian,

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies provide powerful tools, which open up new opportunities for everyone. They can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

At Eastern we ensure that pupils have good access to digital technologies to enhance their learning and we expect the pupils to agree to be responsible users. A copy of the Pupil Acceptable Use Agreement is attached to this permission form, so that parents / carers will be aware of the school expectations of the young people in their care. We would be extremely grateful if you could spend a few minutes reading over the agreement with your child/ren before signing and returning the permission form below.

Thanks for your continued support.
